# **New Incipere**

New Incipere is the Arcadian nation that rose from the ashes of the Grand Republic of Avisten, founded in AC 4552 by the Faceless Baron.

## **History**

When the Grand Republic of Avisten was destroyed by the military revolution of it's people and ancient enemies, the leaders of the military conquest sought out to form a better union in its place. The Faceless Baron was given the position of the first leader without a vote but rather favor from military officials. Together, the Baron and the people who followed them created a new civilization from the ashes and ruble of the old republic. In AC 4552, New Incipere was founded.
