

The Forgotten Eclipse Tavern & Inn

The Forgotten Eclipse Tavern & Inn is the Ayenee tavern operated by [Mithrandirxx](#).

Smoking is allowed in the tavern¹⁾.

The original Forgotten Eclipse had the assistance of Veta²⁾, who owned and operated the [The Blackbird Tavern & Inn](#).

Location

The Forgotten Eclipse Tavern happened to be a few separate taverns all owned and operated by Mithrandir Olorii Stormcrow. The original Forgotten Eclipse Tavern was established nearly four hundred and nineteen leagues South by South east of Tesla City within the bounds of the New Fangorn Forest. The Second Tavern was Established nearer the heart of Ayenee about 43 leagues north west of Ayenee Capitol City. The third Forgotten Eclipse Tavern was established in in a settlement in the wilds of Ayenee named "The Town".

The Forgotten Eclipse Tavern, was now being built anew in a new location. That made three locations but this was the only one in a town. It was strange that Mithrandir had never considered building in a town before but it always seemed in Ayenee that towns were a bit of a problem, especially when it came to humans being afraid of demi-human creatures as they were often called. Mithrandir knew full well he would do well in this town having a monopoly on the tavern industry thus far. This town had been established nearly a year and a half ago, while the construction had started Mithrandir worked on getting approval for his business to be the first tavern in the town, sadly it took a while longer to

get the paperwork out of the way and begin on breaking ground.

It had taken nearly a year since then to get his tavern built properly and up to code. It was a miracle that the tavern was able to be built so quickly with out the use of Magic, but in Miths opinion magic used for the simple fact of avoiding hard labor was always a misuse of Magic. Thankfully the main hall and offices of the Eclipse were finished now all he had to worry about was the future addition of a second floor to the main tavern hall, and the completion of the three floors of the inn³⁾.

Description

Standing behind the counter he smiled as he looked over the Interior of his newest Eclipse, it was a mirror image of the other two, but still it seemed different. From the polished hard oak floors to the ceder doors. Even the dyed blue marble counter top, and the light blue cushions of the bar stools. Sliding his hand under the counter he grasped an ashtray and set it upon the counter the evening would be coming soon, and he hoped perhaps with it the first customer to the newest Forgotten Eclipse , and maybe even a few employees to help shoulder the load.
