

Akagumi Gunshi

Akagumi joined Ayenee in the year 2018 as part of the Transuniversal Exploration Ship Kaiyo's crew. He's known as raz over on Star Army, the [webmaster](#)'s sister site and is kind of on vacation from participating there.

Hello!

Hey, I'm glad to be roleplaying on and contributing to the Ayenee forums. You can probably just shorten what you call me to "Akagumi," but raz is also fine if that's how you've known me in the past. The whole username itself, Aka-gumi Gunshi, translates to something akin to "Red Team Strategist" in Japanese, and is further a concept I've wanted to explore with my characters for a while.

It's cool to get of my most outlandish roleplay ideas handed to be on a silver platter, and look forward to the opportunity to explore everything Ayenee has to offer beyond that. So here's a picture of a pair of characters I never thought would happen in roleplay alongside one another!
