

# Ayenee Space Coalition Uniform

The Ayenee Space Coalition Uniform is a service/duty uniform for members of the [Star Army of Yamatai](#), Nepleslian military, Ayenee Mobile Space Command, and other allied factions who work together in support of defending and exploring the Ayenee Star System and surrounding territories.

## Design

The ASC uniform consists of a form-fitting jacket and matching pants. There is an optional combination cap available for outdoor use. The jacket is primarily **off-white** and has a high, almost turtleneck-like, collar in **red**, shoulder epaulette-like straps in red, red extended cuffs, and the same red piping along the front zipper and bottom. It has an interior pocket on the front left breast. In this spot on the front left breast there is also a good place for pins and, in formal occasions awards and medals, when wearing rank. The lower hemline of the jacket is in a Uesureyan point style with red piping as well. The lower sides of the jacket, starting where the sleeves meet the torso and going down, are **light gray**. The legs, too, have light grey additions to the design along the outer thigh, ending just above the knee.

The ASC uniform is worn with boots that have rounded, reinforced toes, inch and blocky heels, and are [charcoal black](#) in color that reach up to just a few inches below the knee. They are worn with the pants tucked in, down past the ankles of the boot.

## Insignia

The cap badge features gold laurels around a red dragon.

The arm patch is a red dragon on a shield.

## Cap

The cap is used when outdoors, and has a white top and a red band.

## Variations

The winged humanoid version has slits in the back of the jacket garment for wings. Separa'shan, snake-like humanoids, have a variation seen below:

## Usage

The ASC Uniform is often worn with a pistol belt. Designs of these vary due to their owners coming from various military forces or because they are of local Ayenee design, though most Star Army soldiers will wear it with a standard pistol belt that is charcoal black like the boots, save for the gold of the central buckle, for the most part.
